FLAG-OFF OF THE GEO-HACKATHON ONLINE COMPETITION (SEASON 2)

This is to inform the University community that the Ibadan Urban Flood Management Project (IUFMP), an intervention project by the World Bank in Ibadan is partnering with the University of Ibadan by proposing the theme of Geo-Hackathon (Season 2) as **“Ibadan Urban Resilience”** consequent upon the successful hosting of the Geo-Hackathon Season 1 in June 2019.

To participate, submissions are expected from undergraduate and postgraduate students (individual and group) that will utilize the growing pool of GIS/Geospatial tools, Mobile Solutions, Hardware Integrations, Sensors and Unmanned Aerial Vehicles UAVS for Urban Resilience including Flood Risk Management, Public Health, Water Resource Management and Infrastructure.

Submissions are expected in the following three (3) categories guided by the theme **“Ibadan Urban Resilience”**:

1. **“Tell your story”**: Submit an innovative story about your work, interest, events
2. **Innovative Solutions**: Innovative Technique, Process/Method, e-Business, etc
3. **Innovative Application/Software/Device**

The Geo-Hackathon submission platform is: <http://i.mp/2D5s1Au>
