INTERNAL AND EXTERNAL ADVERTISEMENT

Academic Staff Positions

Applications are invited from suitably qualified candidates for the following academic positions:

A. FACULTY OF ARTS

1. Department of Linguistics and African Languages

- a. **Assistant Lecturer: Linguistics – Syntax** - Candidates must possess Master's degree in Linguistics with specialization in Syntax and must have registered for Ph.D. programme in Syntax plus good knowledge of Functional Grammar.
- b. **Assistant Lecturer: Yoruba Language – Phonology** - Candidates must possess Master's degree in Yoruba Language or Master's degree in Linguistics with specialization in Phonology and must have registered for Ph.D. programme in Phonology plus good knowledge of Yoruba Phonology.

2. Department of Music

- a. **Assistant Lecturer: Composition or Ethnomusicology or Music Education** - Applicants must possess Master's Degree in Music. Evidence of registration for Ph.D. Degree Programme will be an added advantage.
- b. **Lecturer II: Music Technology** - Applicants must possess Master's Degree in Music. Applicants must be able to demonstrate effective capability in Digital Music Technology and practical knowledge in studio and live reinforcement systems. Applicants must show evidence of registration for the Ph.D. Degree Programme in Music.

3. Department of Philosophy

- a. **Assistant Lecturer: (i) Philosophy of Science, (ii) Logic and (iii) Metaphysics** - Applicants must possess the Bachelor of Arts (B.A), the Master of Arts (M.A) degrees in Philosophy from a recognized university.
- b. **Lecturer II: (i) Ethics and (ii) Continental Philosophy** - Applicants must possess the: Bachelor of Arts (B.A), Master of Arts (M.A) and Doctor of Philosophy (Ph.D.) Degrees in Philosophy from a recognized university.

4. Department of English

- a. **Assistant Lecturer (Literature in English): Dramatic Literature/African Literature/Postcolonial Literature** - Applicants must possess Bachelor of Arts (B.A) and Master of Arts (M.A) Degrees in the field of Literature in English from reputable universities and must have registered for a Ph.D. programme.

- b. **Lecturer II (Literature in English): English Literature/Comparative Literature/Oral Literature** - Applicants must possess Bachelor of Arts (B.A), Master of Arts (M.A) and Ph.D. Degrees in the field of Literature in English from reputable universities. Previous teaching experience at the University level and evidence of scholarly publication(s) in peer-reviewed journals will be an advantage.
 - c. **Lecturer II (Language): English Syntax (Transformational Generative Grammar, TGG)** - Applicants must possess Bachelor of Arts (B.A), Master of Arts (M.A) and Ph.D. Degrees in the field of English Language from reputable universities. Previous teaching experience at the University level and evidence of scholarly publication(s) in peer-reviewed journals.
5. **Department of Theatre Arts**
- a. **Assistant Lecturer (Educational Theatre): Theatre for Development, Creative Dramatics and Children's Theatre.** Applicants must possess Master of Arts Degree in Theatre Arts, obtained from a recognized University. Applicants must also have registered for a Ph.D. Degree. Evidence of previous work with children in creative arts at reputable schools for a minimum of two years and cognate experience in Theatre for Development (TfD) will be an added advantage.
 - b. **Assistant Lecturer (Media and Theatre Management): Broadcast and Print Media, Film Production and Management, Theatre and Event Management** - Applicants must possess Master of Arts Degree in Theatre Arts from a recognized University. Applicants must also have registered for the Ph.D. Degree. Evidence of previous work in Film or other broadcast media productions, competence in at least two of the following technical areas; Graphics, Editing, Cinematography, Set, Light and Sound Design. Evidence of Management of Theatre and Event Projects and a minimum of two years of teaching experience in any recognized university will be an added advantage.
 - c. **Lecturer II (Costume, Make-Up): Make-Up, Costume and Fashion Design-** Applicants must be Ph.D. holders with at least two years post qualification experience in a recognized University and have demonstrable competence in the teaching of Costume and fashion design, Make-Up and Special Effects. Evidence of at least three years of teaching and practice experience in the field of Costume, Make-Up and Special Effects will be an added advantage.
6. **Department of European Studies**
- a. **Lecturer II: FRENCH** - Applicants must have Ph.D. in Translation Studies and evidence of publications in learned journals. Teaching experience in a reputable University in French language and Translation.
 - b. **Assistant Lecturer: GERMAN** - Applicants must possess Master's degree in German Studies and must be able to teach German language, culture and civilization. Evidence of registration for M.Phil./Ph.D. or Ph.D. Degree is required.
 - c. **Assistant Lecturer: RUSSIAN** - Applicants must possess Master's degree in Russian Studies or European Studies and must be able to teach Russian language, culture and civilization. Evidence of registration for M.Phil./Ph.D. or Ph.D. in any reputable University is an advantage.
7. **Department of Arabic and Islamic Studies**

- a. **Assistant Lecturer:** Applicants must have Master's Degree in Islamic Studies with specialization in Islamic Law with bias in inheritance and marital issues with evidence of Ph.D. Degree registration.

8. Department of Religious Studies

- a. **Assistant Lecturer:** Candidates must possess Master's Degree in Traditional Religion or Comparative Religion. Candidates must also provide evidence of registration for Ph.D. in a recognized University.
- b. **Lecturer II:** Candidates must possess Ph.D. in Traditional Religion or Comparative Religions. Publications in reputable outlets can be an added advantage.

B. FACULTY OF SCIENCE

1. Department of Microbiology

- a. **Assistant Lecturer:** Candidates must possess Bachelor of Science degree with a minimum of Second Class Upper Division in Microbiology from a recognized University; Master of Science in Microbiology with bias for Environmental Microbiology. Candidates must be willing to further engage in Pathogenic aspect of Microbiology research. Minimum of two years experience in teaching at a tertiary institution will be an added advantage.
- b. **Lecturer II:** Applicants must possess Bachelor of Science, Master of Science and Ph.D. Degrees in Microbiology. Candidates will be expected to specialize in indigenous product development with bias towards serial fermentation and the physiology of attending microorganisms. Evidence of research and teaching experience at the University level will be an added advantage.

2. Department of Geology

- a. **Assistant Lecturer: Exploration Geophysics** - Applicants should possess good first degree in Geology and M.Sc. degree in Exploration Geophysics from a recognized University and currently pursuing a Ph.D. programme in the relevant field of specialization. Possession of a Ph.D. degree will be an added advantage.
- b. **Lecturer II: Biostratigraphy** - Applicants should possess good first degree in Geology and M.Sc. degree in Biostratigraphy from a recognized University and must possess a Ph.D. degree.

3. Department of Botany

- a. **Assistant Lecturer: Plant Genetics and Molecular Biology** - Applicants must possess Master of Science degree in Genetics and Molecular Biology with bias in Cytogenetic from a reputable University with minimum of Second Class (Lower Division) B.Sc. (Botany) Degree. Registration for a Ph.D. programme is required.
- b. **Assistant Lecturer: Lower Green Plants** – Applicants must possess B.Sc. degree in Botany with at least Second Class (Lower Division). Applicants must also possess a Master of Science degree in Botany with bias in Lower Green Plants from a reputable University. Registration for a Ph.D. programme is required.

4. Department of Chemistry

- a. **Reader/Professor: Industrial Chemistry/Chemical Engineering** - Applicants should possess Bachelor of Science, Master of Science and Ph.D. Degrees in Chemistry with specialization in Industrial Chemistry; or the B.Sc., M.Sc. and Ph.D.

in Chemical Engineering. Applicants should also have a minimum of 9 years (for Readership) or 10 years (for Professorship) post Ph.D. teaching experience at the university level and must have published considerably in reputable scholarly journals.

- b. **Lecturer II: Organic Chemistry** - Applicants should possess Bachelor of Science, Master of Science and Ph.D. Degrees in Chemistry with specialization in Organic Chemistry. Teaching experience at the University level and possession of scholarly publications will be added advantages.
- c. **Assistant Lecturer: Industrial Chemistry/Inorganic Chemistry** - Applicants should possess Bachelor of Science and Master of Science Degrees in Chemistry with specialization in any of the indicated areas. Applicants must be currently registered for Ph.D. programme.

5. Department of Zoology

- a. **Assistant Lecturer: Cell Biology and Genetics** - Applicants must possess B.Sc. Zoology/Biology and research-based M.Sc. Zoology (Cell Biology and Genetics) from a reputable University. Applicants must have evidence of having reached an advanced stage of completing a Ph.D. programme.
- b. **Assistant Lecturer: Parasitology** - Applicants must possess B.Sc. Zoology/Biology and research-based M.Sc. Zoology (Parasitology) from a reputable University. Applicants must have evidence of having reached an advanced stage of completing a Ph.D. programme.

6. Department of Archaeology and Anthropology

- a. **Assistant Lecturer: Archaeology** - Applicants must possess the Bachelor and Master's degrees in Archaeology, with specialization in Environmental Archaeology/Lithic Archaeology/Historical Archaeology/Forensic Science.
- b. **Assistant Lecturer/Lecturer II: Anthropology** - Applicants for the position of Assistant Lecturer must possess the Bachelor and Master's degrees in Anthropology. Candidates for the position of Lecturer II must possess the Ph.D. degree in Anthropology, with specialization in Physical Anthropology & Genetics or Cultural Anthropology.

7. Department of Statistics

- a. **Assistant Lecturer: Computational Statistics** - Applicants must possess Bachelor (minimum Second Class (Lower Division) and Master of Science Degrees in Statistics. Such applicants must be running Ph.D. programme in Statistics.
- b. **Assistant Lecturer: Environmental Statistics** - Applicants must possess Bachelor's degree (minimum Second Class (Lower Division) and Master of Science (Environmental Statistics Option) Degree in Statistics. Applicants must be running Ph.D. programme in Statistics with specialization in Environmental Statistics.

8. Department of Mathematics

- a. **Assistant Lecturer:** Applicants must have good M.Sc. Degree in any area of Mathematics from any reputable University. Applicants must show evidence of registration for Ph.D. Degree Programme in Mathematics.
- b. **Lecturer II:** Applicants must be fresh Ph.D. holders in any area of Mathematics or M.Sc. degree holders with evidence of registration for a Ph.D. Degree Programme in Mathematics and three years teaching experience in a reputable University.

9. Department of Physics

- a. **Assistant Lecturer: Radiation and Health Physics/Theoretical Physics** - Applicants must possess Bachelor of Science and Master of Science Degrees in Physics. A Ph.D. degree candidature in Radiation and Health Physics or in Theoretical Physics will be an advantage.
- b. **Lecturer II: Radiation and Health Physics/Theoretical Physics** – Applicants must possess Bachelor of Science and Master of Science Degrees in Physics. Applicants must have at least three (3) years of teaching and research experience at the University level and Ph.D. Degree in Radiation and Health Physics or in Theoretical Physics.

C. FACULTY OF BASIC MEDICAL SCIENCES

1. Department of Virology

- a. **Lecturer I:** Applicants must possess first degree in any of the biological or medical sciences (MB;BS, BDS, B. Pharm, DVM, B.Sc.) from the University of Ibadan or other reputable universities. In addition, applicants must possess M.Sc. degree and Ph.D. degree in Virology with specialization in Molecular Virology, Respiratory viruses, Oncovirology, and Zoonoses. Applicants must possess at least three years of teaching and research experience at the University Level.
- b. **Lecturer II:** Applicants must possess first degree in any of the biological or medical sciences (MB;BS, BDS, B. Pharm, DVM, B.Sc.). They must also possess Master's degree in Virology or Entomology or Molecular Biology and currently registered for Ph.D. programme in Virology. Publications in reputable journals and field experience will be of advantage.

2. Department of Pharmacology and Therapeutics

Lecturer II/I: Clinical Trials and Pharmaco-epidemiology - Applicants must possess MB;BS or its equivalent and Ph.D. (Clinical Pharmacology) Degrees from a recognized University or MB;BS with Fellowship of the National Postgraduate Medical College of Nigeria (FMCP) in Clinical Pharmacology and Therapeutics with, at least, a Master of Science Degree in relevant area(s).

3. Department of Biochemistry

- a. **Lecturer II: Membrane Biochemistry and Biotechnology** – Applicants must possess good Bachelor's degree, Master's degree in Biochemistry, and Ph.D. degree in Biochemistry. Applicants must have adequate publications in the field of Membrane Biochemistry and Biotechnology and at least one (1) year teaching experience at the University level will be an added advantage.
- b. **Lecturer I: Nutritional and Industrial Biochemistry** – Applicants must possess good Bachelor's degree, Master's degree in Biochemistry, and Ph.D. degree in Biochemistry. Applicants must have evidence of adequate publications in the field of Nutritional and Industrial Biochemistry and at least three (3) years teaching experience at the University level.

4. Department of Biomedical Laboratory Sciences

- a. **Lecturer II: Medical Microbiology/Chemical Pathology** – Applicants must have Bachelor of Medical Laboratory Science (BMLS), Master of Science degree (M.Sc.) in Medical Microbiology or Chemical Pathology and must show evidence of almost completing Ph.D. in either of the above fields. Candidates must show evidence of scholarship through publication in peer reviewed journals.

- b. **Lecturer I: Medical Microbiology or Chemical Pathology** – Applicants must have Bachelor of Medical Laboratory Science (BMLS) and Doctorate (Ph.D.) in Medical Microbiology or Chemical Pathology. Candidates must show evidence of scholarship through adequate number of publications in peer reviewed journals.
Evidence of registration/up-to-date licensure by the Medical Laboratory Science Council of Nigeria (MLSCN) and relevant cognate experience apply to both positions.

5. Department of Anatomy

- a. **Lecturer II:** Applicants must possess MB;BS or BDS Degree which should be registerable with the Medical and Dental Council of Nigeria (MDCN). Applicants must have Master’s degree in Anatomy or Membership of any of the Postgraduate Medical Colleges.
- b. **Lecturer I:** Applicants must possess MB;BS or BDS registerable with the Medical and Dental Council of Nigeria (MDCN). Applicants must have Ph.D. degree in Anatomy or Fellowship of any of the Postgraduate Medical Colleges.

D. FACULTY OF DENTISTRY

1. Department of Child Oral Health

Lecturer I: Orthodontist and Paediatric Dentist - Applicants must possess Basic Dental Degree registerable with the Medical and Dental Council of Nigeria. All applicants must have the Fellowship of the West African College of Surgeons or the National Postgraduate Medical College in Orthodontics or Paediatric Dentistry. An M.Sc., a Ph.D. or Post Fellowship qualification/experience and academic publication in learned journals will be added advantages.

2. Department of Restorative Dentistry

- a. **Lecturer I: Prosthetics Dentistry** - Applicants must possess basic dental degree, e.g., BDS. Candidates must have passed part II Fellowship Examination of the West African College of Surgeons or National Postgraduate Medical College of Nigeria or its equivalent in Restorative Dentistry (Prosthodontics). Applicants must also be registered with the Medical and Dental Council of Nigeria.
- b. **Lecturer I: Conservative Dentistry** - Applicants must possess basic dental degree, e.g., BDS. Candidates must have passed part II Fellowship Examination of the West African College of Surgeons or National Postgraduate Medical College of Nigeria or its equivalent in Restorative Dentistry (Conservative). Applicants must also be registered with the Medical and Dental Council of Nigeria.

3. Department of Oral Pathology and Oral Medicine

Lecturer I: Oral Medicine/Oral Pathology - Applicants must possess basic Dental Degree registerable with the Medical and Dental Council of Nigeria. All applicants must have Fellowship of the West African College of Surgeons or the National Postgraduate Medical College. An M.Sc., a Ph.D. or Post Fellowship qualification/experience and academic publications in learned journals will be added advantages.

E. FACULTY OF CLINICAL SCIENCES

1. Department of Community Medicine

Lecturer I: Clinical Epidemiology - Candidates should hold the Fellowship of the National Postgraduate Medical College or the West African College of Physicians in Community Health and Master's degree in Global Health will be an added advantage. Applicants must have evidence of reasonable work experience in disease control settings with relevant global health collaborations

2. Department of Surgery

Lecturer I: General Surgery/Orthopaedics & Trauma Surgery - Applicants must possess first degree in Medicine (MB;BS/MB;CHB) registerable with the Nigerian Medical and Dental Council. Postgraduate professional training and a Fellowship of the West African College of Surgeons or the National Postgraduate Medical College of Nigeria in Surgery or equitable specialist certification plus 3 years of clinical practice in the relevant specialty.

3. Department of Psychiatry

Lecturer 1: Applicants must possess first degree in Medicine and Surgery registerable with the Medical and Dental Council of Nigeria (MB;BS, MB;CHB or equivalent). Candidates must show a flair for research as attested to by publications in scientific journals or possession of higher academic degrees.

4. Department of Paediatrics

Lecturer I: Haematology/Oncology and Endocrinology - Applicants must possess the Basic Medical Degree from a reputable University and registerable with the Nigerian Medical and Dental Council. Fellowships of the National Postgraduate Medical College of Nigeria or the West African College of Physicians or Medical and Dental Council of Nigeria registerable equivalent.

5. Department of Obstetrics and Gynaecology

Lecturer I: Candidates should possess registerable medical qualification with the Medical and Dental Council of Nigeria (MDCN). In addition, applicants must possess the Fellowship of the National Postgraduate Medical College of Nigeria in Obstetrics and Gynaecology (FMCOG) or the Fellowship of the West African College of Surgeons (FWACS). Postgraduate academic qualification, published evidence of research and teaching experience in Obstetrics & Gynaecology will be advantages.

6. Department of Nursing

a. Lecturer II: Applicants must possess M.Sc. degree in Nursing, registered with the Nursing and Midwifery Council of Nigeria, a Ph.D. degree or evidence of registration for a Ph.D. in Nursing. Adequate professional experience in university teaching and research experience of at least one year and evidence of research activities and publications

b. Clinical Instructors: Applicants must possess First Degree in Nursing and must have registered with the Nursing and Midwifery Council of Nigeria. M.Sc. degree and evidence of research activities and publication will be an added advantage

7. Department of Anaesthesia

Lecturer I: Applicants must possess Basic Medical Degree registerable with the Medical and Dental Council of Nigeria and Fellowships of the West African College of Surgeons (FWACS) or National Postgraduate Medical College of Nigeria in Anaesthesia (FMCA). Evidence of publications in the area of Anaesthesia, Pain management or critical care and at least 3 years relevant teaching experience.

8. Institute of Child Health

Research Fellow II: Non-Medical - Applicants must possess Master of Science degree in Cell Biology, Genetics or related fields and Ph.D. or registered for Ph.D. programme in the aforementioned fields of study. An M.Sc. degree in Public Health Biotechnology will be an added advantage.

9. Institute of Cardiovascular Diseases

Research Fellow I: Applicants must possess a first degree in Medicine and Surgery registerable with the Medical and Dental Council of Nigeria (MB;BS, MB;CHB); a Postgraduate qualification in Medicine, Paediatrics, Surgery, Anaesthesia and Laboratory Medicine of either the National Postgraduate Medical College of Nigeria or West Africa College of Physicians or Surgeons or Laboratory Medicine in the relevant specialty or equivalent registerable qualification.

F. FACULTY OF PUBLIC HEALTH

1. Department of Health Promotion and Education

Lecturer II: Applicants must possess good Bachelor's degree in Education, Social Sciences, Health Sciences or Medicine and Master of Public Health (MPH) in Health Promotion and Education or Population and Reproductive Health Education. A Ph.D. degree in Health Promotion and Education or Population and Reproductive Health Education or evidence of registration for a Ph.D. degree programme in Health Promotion and Education or Population and Reproductive Health Education will also be an added advantage.

2. Department of Environmental Health Sciences

a. Lecturer I: Environmental Toxicology - Applicants must possess good Bachelor and Master's Degrees in relevant disciplines. In addition, applicants must hold Ph.D. Degree in Environmental Health Sciences (or relevant disciplines) in the area of the required specialization. Applicants must have at least three (3) years of teaching experience at the University level. Evidence of publications in reputable journals is also required.

b. Lecturer II: Environmental Health Sciences - Applicants must possess Bachelor and MPH degrees in Environmental Health Sciences, with a minimum of two years post MPH qualification experience. In addition, candidates should have evidence of current registration for the Ph.D. degree programme in Environmental Health Sciences or possess Ph.D. in Environmental Health Sciences. Evidence of scholarly publications in reputable journals and membership of relevant professional bodies will be added advantages.

G. FACULTY OF EDUCATION

1. Department of Early Childhood and Educational Foundations

Assistant Lecturer: Applicants must possess Bachelor's and Master's Degrees in Early Childhood Education. Applicants must produce evidence of Ph.D. Registration

in Early Childhood Education. Cognate teaching experience and evidence of scholarly publications will be added advantages.

2. Department of Counselling and Human Development Studies

- a. **Lecturer II: Educational/Counselling/Psychology** - Applicants must possess Ph.D. degree in the field of Educational/Counselling Psychology. Previous teaching experience at the University level is required. Evidence of scholarly publication(s) in peer reviewed journals on educational and counselling interventions, world of work and youth unemployment will be an added advantage.
- b. **Assistant Lecturer: Developmental Psychology** - Applicants must possess Bachelor's and Master's Degrees in Educational/Youth and Adolescent Psychology. Candidates must also have registered for Ph.D. in Developmental Psychology.

3. Centre for Literacy Training and Development Programme for Africa (CLTDPA)

Assistant Lecturer: Adult Literacy, Mobile Learning and Training - Applicants must possess Bachelor's Degree in Adult Education, Master's Degree in Literacy, Training and Development (with bias for the use of mobile applications for adult learning) and an evidence of Ph.D. registration in Adult Literacy (with bias for capacity building and mobile applications).

4. Department of Adult Education

Assistant Lecturer: Economics of Adult Education - Applicants must possess Bachelor's Degree in Adult Education and Economics, Master's Degree in Adult Education and an evidence of Ph.D. registration in related areas of Economics of Adult Education (with bias for Manpower/Personnel studies), in a reputable university.

5. Department of Science and Technology Education

- a. **Assistant Lecturer: Biology Education** - Applicants must possess Bachelor's Degree in Biology Education/B.Sc. Biology plus a P.G.D.E in Biology Education and a Master of Education Degree in Science Education/M.Sc. with P.G.D.E. Applicants with evidence of registration for the Ph.D. programme in Science Education (Biology) will stand better chances.
- b. **Assistant Lecturer: Educational Technology** - Applicants must possess a Bachelor's Degree in Computer Science/B.Sc. Computer Science Education plus P.G.D.E in Educational Technology and Master of Education Degree in Educational Technology/MSc with P.G.D.E. Applicants with evidence of registration for the Ph.D. programme in Educational Technology (Computer Science) will stand better chances.

6. Department of Special Education

Assistant Lecturer: Speech Pathology/Audiology - Applicants should possess B.Ed. and M.Ed. with Ph.D. grade in Special Education, with specialization in Speech/Language Pathology. Applicants should have requisite skills in the diagnosis and rehabilitation of persons with speech and language disorders. Evidence of Ph.D. registration, current professional/provisional clinical license of the Medical Rehabilitation (Registration) Therapists Board of Nigeria (MRTBN) and scholarly publications in peer-reviewed journals will be added advantages.

7. Department of Health Education

- a. **Lecturer II:** Applicants must possess good first degree with a minimum of Second Class Honours (Upper Division) and Ph.D. with specialization in Health Education.
 - b. **Assistant Lecturer:** Applicants must possess good first degree with a minimum of Second Class Honours (Upper Division) and Master's degree with evidence of Ph.D. registration in Health Education.
8. **Department of Human Kinetics**
Assistant Lecturer/Lecturer II: Physiology of Exercise - Applicants must possess good First Degree at least, Second Class Honours (Upper Division) majoring in Human Kinetics and Health Education or Physical and Health Education. A Master's Degree with evidence of Ph.D. registration for the Assistant Lecturer and Ph.D. Degree (for the Lecturer II) in Human Kinetics, with specialization in Exercise Physiology.
9. **Department of Social Work**
Assistant Lecturer: Candidates must possess good first degree. An academic Master's Degree in Social Work or MSW plus an academic Master's degree in related discipline is compulsory and must be from a recognized university. Applicants must be on a Ph.D. programme with bias in Community/Rural Social Work. Registration with the Nigerian Association of Social Workers (NASoW) will be an added advantage.
10. **Department of Arts and Social Sciences Education**
- a. **Assistant Lecturer: Language Education** - Candidates must possess B.Ed. or B.A.Ed. (Hons.) degree in Yoruba/English with a minimum of Second Class Lower Division. Candidates must also hold M.Ed. Degree in Language Education and must provide proven evidence of enrollment in a Ph.D. Programme in Language Education.
 - b. **Lecturer II: Language Education** - Applicants must possess B.Ed. or B.A.Ed. (Hons.) in English with minimum of Second Class Lower Division. Candidates must also hold M.Ed. and Ph.D. in Language Education.

H. FACULTY OF AGRICULTURE

1. **Department of Soil Resources Management**
- a. **Assistant Lecturer: Agrometeorology/Soil Water Management** - Candidates should have good first Degree in Agriculture/Agronomy and Master's Degree in Soil Science. Applicants must have registered for Ph.D. degree in the Area of Specialization. Teaching experience and evidence of scientific publications in learned Journals of International standards will be an added advantage.
 - b. **Lecturer II: Soil Fertility** - Candidates should have good first Degree in Agriculture/Agronomy and Master's Degree in Soil Science. Applicants should have Ph.D. degree in the Area of specialization. Teaching experience and evidence of scientific publications in learned Journals of International standards will be an added advantage.
2. **Department of Crop and Horticultural Sciences**
- a. **Lecturer II:** Applicants must possess good first degree and Master's Degree in Crop Science or Horticulture as well as Ph.D. degree in Horticulture or Crop Science with Specialization in Horticultural Crop production, and Crop preservation. Additional specialization in Ornamental plant and Fruit Crop production will be an advantage.

- b. **Assistant Lecturer:** Applicants must possess good first degree in Crop Science or Horticulture and Degree of Master (M.Sc.) in Crop Science or Horticulture. Evidence of current registration for Ph.D. or being very close to the Ph.D. defense in Crop production will be an added advantage.
3. **Department of Crop Protection and Environmental Biology**
- a. **Lecturer II: Plant Virology and Molecular Plant Pathology** - Applicants should have good first degree in Agriculture with M.Sc. and Ph.D. in Plant virology or Plant pathology. Candidates should have at least 2 publications in plant virology and/or molecular plant pathology. Evidence of membership of related professional association/society will be an added advantage.
 - b. **Lecturer II: Plant Nematology** - Candidates should have good first degree in Agriculture or Zoology with M.Sc. or Ph.D. degrees in Nematology. Candidates should have at least 2 publications in plant nematology. Skill in the use of molecular diagnostic tools and evidence of membership of related professional association/society will be added advantage.
4. **Department of Animal Science**
- Lecturer II: Animal Breeding and Genetics** – Applicants must possess Ph.D. degree in Animal Science with specialization in Animal Breeding and Genetics. Candidates must have very strong background in Genomics/Molecular Genetics with at least three years of experience at tertiary level and must demonstrate basic knowledge in quantitative genetics. A good background in biostatistics and few publications in peer-reviewed journals will be added advantages. In addition, applicants must be Registered Animal Scientists (RAS).
5. **Department of Agricultural Economics**
- a. **Assistant Lecturer:** Applicants must possess Bachelor’s and Master’s Degrees either in Agricultural Economics, Economics, Statistics, Econometrics, Mathematics or Computer Science. It is also required that the applicants obtain Credit in Chemistry at O’Level. Candidates with M.Sc. degrees in courses other than Agricultural Economics should be willing to pursue a Ph.D. degree in Agricultural Economics, while those with M.Sc. degree in Agricultural Economics must show evidence of registration for Ph.D. degree programme.
 - b. **Lecturer II:** Applicants must possess Bachelor’s and Master’s Degrees either in Agricultural Economics or Economics. In addition, applicants must hold either Ph.D. Degree in Agricultural Economics or Economics. Applicants must have published articles in reputable journals.

I. FACULTY OF THE SOCIAL SCIENCES

1. Department of Political Science

- a. **Assistant lecturer/Lecturer II: Comparative Politics** - Applicants should possess B.Sc., M.Sc. and Ph.D. degrees in Political Science with specialization and research interest in Comparative Politics. For those without the Ph.D., applicants must show evidence of registration for Ph.D. degree programme with specialization in Comparative Politics.
- b. **Assistant Lecturer/Lecturer II: Political Theory** - Applicants should possess B.Sc., M.Sc. and Ph.D. degrees in Political Science with specialization and research interest in Political Theory. For those without the Ph.D., applicants must show

evidence of registration for Ph.D. degree programme with specialization in Political Theory.

2. Department of Sociology

a. **Assistant Lecturer/Lecturer II: Demography/Population Studies**

Assistant Lecturer: Applicants must possess Bachelor and Master of Science Degrees in Sociology or related disciplines; applicants must be running Ph.D. programme in Sociology with specialization in Demography and Population Studies with evidence of current registration.

Lecturer II: Applicants must possess Ph.D. in Demography/Population Studies. Evidence of scholarly publications in reputable outlets will be an added advantage.

b. **Assistant Lecturer/Lecturer II: Criminology**

Assistant Lecturer: Applicants must possess Bachelor and Master of Science Degrees in Sociology or related disciplines; applicants must be running Ph.D. programme in Sociology with specialization in Criminology and Deviant Behaviour with evidence of current registration.

Lecturer II: Applicants must possess Ph.D. in Criminology and Deviant Behaviour. Evidence of scholarly publications in reputable outlets will be an added advantage.

3. Department of Psychology

a. **Assistant Lecturer: Developmental/Clinical Psychology** – Applicants must possess Master’s degree in the specific area of Psychology and registered for Ph.D. in the area of specialization. Applicants must have minimum of three relevant research publications in reputable academic journals and registered with appropriate Division of the Nigerian Psychological Association.

b. **Lecturer II: Developmental Psychology** - Applicants must possess Master’s degree in Developmental Psychology and hold Ph.D. degree in Developmental Psychology. Applicants must have minimum of six (6) research publications in reputable academic journals and registered with the Developmental Psychology Division of the Nigerian Psychological Association.

J. FACULTY OF ENVIRONMENTAL DESIGN AND MANAGEMENT

1. Department of Architecture

a. **Lecturer II:** Applicants must possess M.Sc. Degree in Architecture and registered with the Architects Registration Council of Nigeria (ARCON) and must be Full Members of the Nigerian Institute of Architects (NIA). Applicants must be undergoing Ph.D. Degree in Architecture as at the time of application.

b. **Lecturer I:** Applicants must be Ph.D. Degree holders in Architecture and registered with the Architects Registration Council of Nigeria (ARCON) and must be Full Members of the Nigerian Institute of Architects (NIA).

2. Department of Estate Management

a. **Lecturer II:** Applicants must possess M.Sc. Degree in Estate Management and must be Associate Members of the Nigerian Institution of Estate Surveyors and Valuers (NIESV) and duly registered with the Estate Surveyors and Valuers Registration Board of Nigeria (ESVARBON). Applicants must be undergoing Ph.D. Degree programme in Estate Management as at the time of application.

b. **Lecturer I:** Applicants must be Ph.D. Degree holders in Estate Management and must be Associate Members of the Nigerian Institution of Estate Surveyors and

Valuers (NIESV) and duly registered with the Estate Surveyors and Valuers Registration Board of Nigeria (ESVARBON).

3. Department of Urban and Regional Planning

Lecturer II: Urban Design and Safety, and Urban Security, Governance and Management - Applicants must possess M.Sc. Urban and Regional Planning with NITP/TOPREC or Ph.D. in Urban and Regional Planning.

4. Department of Quantity Surveying

a. Reader/Professor: (a) Quantity Surveying Practices, Contract Documentation and Tendering, (b) Risk Management, Measurement & Professional Practice & Procedure (c) Construction Project Management, Construction Modelling and Financing - Applicants must possess good B.Sc., M.Sc. and Ph.D. degrees in Quantity Surveying from a recognized university and must be registered Members of QSRBN. A minimum of 8 years of teaching and research experience in an approved tertiary institution is required.

b. Lecturer I: (a) Procurement, Sustainable Development, (b) Risk Management, Measurement & Professional Practice & Procedure - Applicants must possess good B.Sc., M.Sc. and Ph.D. degrees in Quantity Surveying from a recognized University and must be registered Members of QSRBN. Applicants must possess cognate experience as Lecturers in approved tertiary institutions. Knowledge of computer programming and modelling for Quantity Surveying system is essential.

c. Lecturer II: (a) Quantity Surveying Practices, Contract Documentation and Tendering, (b) Claims, Operation Research and Measurement - Applicants must possess good B.Sc. and M.Sc. degrees in Quantity Surveying from a recognized University and must have registered for Ph.D. degree Programme in Quantity Surveying and as well possess Membership of relevant local (NIQS/RQS) and international professional bodies.

K. FACULTY OF VETERINARY MEDICINE

1. Department of Veterinary Parasitology and Entomology

a. Lecturer II: Veterinary Entomology

b. Lecturer II: Veterinary Helminthology

Applicants must possess the Doctor of Veterinary Medicine (DVM) degree and be registered with the Veterinary Council of Nigeria with a current practicing license. A Master of Science (M.Sc.) or Master of Veterinary Science. (M.V.Sc.) degree in Veterinary Parasitology and Entomology will be an advantage.

2. Department of Veterinary Pathology

a. Lecturer I/II: Poultry Pathology

b. Lecturer I/II: Clinical Pathology

Applicants for the position of **Lecturer II** must possess the Doctor of Veterinary Medicine (DVM) degree. Candidates must be registered with the Veterinary Council of Nigeria (VCN) and must possess the current license to practice in Nigeria. Possession of a Master's degree in Veterinary Pathology will be an advantage.

Candidates applying for the post of **Lecturer I** must have obtained a Doctor of Philosophy (Ph.D.) degree or Fellowship, College of Veterinary Surgeons of Nigeria (CVSN) in Veterinary Pathology. Applicants for this position must show evidence of research activities by publications in reputable peer-reviewed Journals.

3. **Department of Veterinary Anatomy**
Lecturer II: Candidates should possess the Doctor of Veterinary Medicine (DVM) degree. Candidates must show evidence of experience in Anatomical Techniques. Evidence of current practicing license as a registered Veterinarian is compulsory.
4. **Department of Theriogenology**
Lecturer II: Applicants should possess the DVM degree and must hold the current practicing license of the Veterinary Council of Nigeria. A Master of Veterinary Science degree in Veterinary Reproduction/Theriogenology and a bias for Small Animal Reproduction will be an advantage.
5. **Department of Veterinary Pharmacology**
 - a. **Lecturer II: Veterinary Pharmacology**
 - b. **Lecturer II: Veterinary Toxicology**
Applicants must have Doctor of Veterinary Medicine (DVM) degree. Applicants must be registered with the Veterinary Council of Nigeria. Masters of Science in Veterinary Pharmacology/Toxicology and publications in reputable journals shall be added advantages.
6. **Department of Veterinary Physiology and Biochemistry**
 - a. **Lecturer II: Veterinary Physiology**
 - b. **Lecturer II: Veterinary Biochemistry**
Applicants must possess the Doctor of Veterinary Medicine (DVM) Degree. In addition, applicants must be registered with the Veterinary Council of Nigeria (VCN) and possess the current license to practice Veterinary Medicine. Possession of Master's Degree in Veterinary Physiology/Veterinary Biochemistry will be an advantage.
7. **Department of Veterinary Medicine**
 - a. **Lecturer II: Equine Medicine** - Applicants must have Doctor of Veterinary Medicine (DVM) degree, currently registerable with the Veterinary Council of Nigeria. A higher degree in Veterinary Medicine and publications in relevant peer-reviewed international journals will be added advantages.
 - b. **Lecturer II: Ruminant Medicine** - Applicants must have Doctor of Veterinary Medicine (DVM) degree, currently registerable with the Veterinary Council of Nigeria. A higher degree in Veterinary Medicine and publications in relevant peer-reviewed international journals will be added advantages.
8. **Department of Veterinary Microbiology**
 - a. **Lecturer II: Bacteriology** - Candidates must have Doctor of Veterinary Medicine (DVM) degree, currently registerable with the Veterinary Council of Nigeria. A higher degree in Veterinary Microbiology and publications in relevant peer-reviewed international journals will be added advantages.
 - b. **Lecturer II: Virology** - Candidates must have Doctor of Veterinary Medicine (DVM) degree, currently registerable with the Veterinary Council of Nigeria. A higher degree in Veterinary Microbiology and publications in relevant peer-reviewed international journals will be added advantages.

L. FACULTY OF PHARMACY

1. Department of Clinical Pharmacy and Pharmacy Administration

Lecturer I/II: (Clinical Pharmacy/Pharmacy Administration) - Applicants must possess Bachelor of Pharmacy (B. Pharm.) degree; and M.Sc. in Clinical Pharmacy, Pharmacy Administration, Pharmacy Management or Management Science. Candidates must have strong bias for Clinical Pharmacy or Pharmacy Administration. Candidates applying for the position of Lecturer I must have finished Ph.D. programme with evidence of having published in peer-reviewed journals. Candidates must also be registered with the Pharmacists Council of Nigeria.

2. Department of Pharmaceutical Chemistry

Lecturer II: Applicants must possess Pharmacy degree (B. Pharm. or Pharm. D) registerable with the Pharmacists Council of Nigeria (PCN) and postgraduate qualification of Master of Science (M. Sc.) in Pharmaceutical Chemistry. Candidates should also show evidence of current registration for Ph.D. degree and evidence of current registration with the Pharmacists Council of Nigeria.

3. Department of Pharmaceutics and Industrial Pharmacy

Lecturer II: Applicants must possess Bachelor of Pharmacy degree. In addition, candidates must possess Master of Science degree in Pharmaceutics or Pharmaceutical Technology.

4. Department of Pharmacognosy

- a. **Lecturer I:** Applicants must possess Ph.D. in Pharmacognosy. Publication in relevant peer-reviewed journals and research area in Biotechnology/Plant tissue culture will be added advantage. Applicants must also have current registration with the Pharmacists Council of Nigeria (PCN).
- b. **Lecturer II:** Applicants must possess Bachelor of Pharmacy degree and Master of Science degree in Pharmacognosy. Applicants must have current registration with the Pharmacists Council of Nigeria (PCN).

5. Department of Pharmacology and Toxicology

- a. **Lecturer II:** Applicants must possess Bachelor of Pharmacy Degree or Pharm. D and Master's degree in Pharmacology. Candidates with B.Sc. Pharmacology or Biochemistry with teaching and research experience at the University level with Master's degree in Pharmacology can also apply. Applicants must have current registration with the Pharmacists Council of Nigeria (PCN).
- b. **Lecturer I: Systems Pharmacology, Neuropharmacology, Toxicology or Clinical Pharmacology** - Applicants must possess Bachelor of Pharmacy or Pharm.D., Master's and Ph.D. degrees in Pharmacology. Applicants must have publications in reputable peer-reviewed journals. Applicants must have current registration with the Pharmacists Council of Nigeria (PCN).

M. FACULTY OF MULTIDISCIPLINARY STUDIES

1. Department of Minerals, Petroleum, Energy Economics and Law

- a. **Lecturer II:** Applicants must possess Bachelor's and Master's Degrees in Economics, Energy Studies, Energy Law, Energy Statistics (with adequate knowledge of energy modeling) or relevant disciplines with evidence of Ph.D.

programme at an advanced stage and be registered with relevant professional bodies. Publications in relevant peer-reviewed journals with competence to teach any three of Microeconomics, Macroeconomics, Quantitative Economics and Econometrics, Electricity Economics, Research Methodology, and Petroleum Economics are required.

- b. **Lecturer I:** Applicants must possess Bachelor's, Master's and Ph.D. Degrees in Economics, Energy Studies, Energy Statistics or relevant disciplines and be registered with relevant professional bodies. Publications in relevant peer-reviewed journals with competence to teach any two of Electricity Economics, Renewable Energy, Environment and Climate Change Economics, Energy Finance and Project Evaluation, Investment and Risk Analysis, and Research Methodology at postgraduate level are required.

N. FACULTY OF RENEWABLE AND NATURAL RESOURCES

1. Department of Wildlife and Ecotourism Management

Lecturer II: Wildlife Environmental Toxicology - Applicants must possess B.Sc., M.Sc. and Ph.D. (Thesis focused on Wildlife Environmental Toxicology) degrees in Wildlife Management from a reputable tertiary institution.

2. Department of Aquaculture and Fisheries Management

Assistant Lecturer: Fish Post-harvest Technology and Product Development - Applicants must have B.Sc. and M.Sc. in Fisheries Management with evidence of registration for Ph.D. programme in Fish Post-harvest Technology and Product Development.

3. Department of Forest Production and Products

Assistant Lecturer: Forest Operations/Forest Produce Harvesting - Applicants must possess B.Sc. degree in any of the following disciplines: Forest Resources Management, Forestry and Wood Technology, and Forestry and Wildlife Management. Candidates must have M.Sc. in Forest Resources Management with specialization in Forest Operations, Wood Harvesting and Logistics. In addition, candidates must be registered Doctoral students in the area of Forest Operations and Timber Engineering.

O. FACULTY OF ECONOMICS AND MANAGEMENT SCIENCES

1. Department of Banking and Finance: Quantitative Finance and Financial Econometrics

- a. **Lecturer I:** Applicants should possess Ph.D. in Banking, Finance or Economics and three (3) years post qualification experience. The First Degree must be in Banking, Finance or Economics and the class of degree must not be less than Second Class Upper Division. Possession of Professional Qualification such as CIBN, CITN etc. will be an added advantage.
- b. **Lecturer II:** Applicants should possess Ph.D. in Banking, Finance or Economics. The First Degree must be in Banking, Finance or Economics and the class of degree must not be less than Second Class Upper Division. Candidates with at least 3 years university teaching experience may be considered if they have evidence of Ph.D. registration.

2. Department of Marketing and Consumer Studies

- a. **Lecturer II: Marketing Strategy and Management** - Applicants must possess Ph.D. in Marketing/Management/Business Administration with special interest in Strategic Marketing, Management, Marketing Strategies and Models, International Marketing, Marketing Analytics and Consumer Behavior. Candidates with evidence of ongoing Ph.D. Registration may be considered. Membership of relevant professional bodies will be added advantage.
 - b. **Lecturer II: Brand Management and Communication** - Applicants must possess Ph.D. in Marketing/Management/Business Administration with specific interest in Sales Force Management, Marketing Communication, Sensory Branding/Marketing. Applicants with evidence of ongoing Ph.D. Registration may be considered. Membership of relevant professional bodies will be added advantage.
 - c. **Lecturer II: Digital Marketing** - Applicants must possess Ph.D. in Marketing/Management/Business Administration with specific interest in Direct/Interactive Marketing. Applicants with evidence of ongoing Ph.D. Registration may be considered. Membership of relevant professional bodies will be added advantage.
3. **Department of Accounting**
- Lecturer I and Lecturer II:** Applicants must specialize in any two (2) areas of accounting which must be reflected in the curriculum vitae.
- a. **Lecturer I:** Applicants must possess good first degree, Master's degree and Ph.D. in Accounting with at least four (4) years cognate teaching and research experience (two of which must have been spent as Lecturer II). Applicants must have acceptable number of publications in reputable learned journals and be members of relevant professional accounting bodies like ICAN, ACCA and CIMA-UK.
 - b. **Lecturer II:** Candidates should possess good first degree and M.Sc. Accounting (Ph.D. Grade). Candidates must have evidence of progress made in Ph.D. Accounting programme and membership of relevant professional accounting bodies like ICAN, ACCA and CIMA-UK.

P. FACULTY OF TECHNOLOGY

1. **Department of Agricultural and Environmental Engineering**
 - a. **Lecturer II: Soil and Water Conservation/Environmental Engineering** - Applicants must possess Bachelor's Degree with minimum of Second-Class Honours in Agricultural Engineering and Master's Degree with Ph.D. grade in Soil and Water Conservation. Applicants must either be registered, or be registerable with the Council for the Regulation of Engineering in Nigeria (COREN). A current registration for Ph.D. in Soil and Water Conservation, evidence of publication and a working knowledge of programming languages such as Python will be added advantages.
 - b. **Lecturer II: Environmental Engineering** - Applicants must possess Bachelor's degree with a minimum of Second-Class Honours in Agricultural Engineering and a Master's degree with Ph.D. grade in Environmental Engineering. Applicants must either be registered or be registerable with the Council for the Regulation of Engineering in Nigeria (COREN). A current registration for Ph.D. in Environmental Engineering, evidence of publication and a working knowledge of programming languages such as Python will be added advantages.

2. **Department of Automotive Engineering**
 - a. **Lecturer II**: Applicants must possess higher degree (M.Sc.) in Automotive Engineering or in other related Engineering disciplines with evidence of registration for Ph.D. and registration with COREN or be registerable with COREN and other professional bodies.
 - b. **Lecturer I**: Applicants must possess higher degree of Ph.D. in Automotive Engineering or in other related Engineering disciplines. Registration with COREN, other professional bodies and teaching experience are required.
 - c. **Senior Lecturer**: Applicants must possess higher degree of Ph.D. in Automotive Engineering or in other related Engineering disciplines. Registration with COREN, other professional bodies and teaching experience of a minimum of 3 years are required.
3. **Department of Biomedical Engineering**
 - a. **Lecturer II**: Applicants must possess Bachelor's degree in Engineering, Paramedics or Life Sciences plus degree of Master of Science (M.Sc.) in Biomedical Engineering. Candidates must be capable of being registered for further research degree and registerable with COREN.
 - b. **Lecturer I**: Applicants must possess Masters of Science (M.Sc.) and Ph.D. degrees in Biomedical Engineering or allied engineering disciplines preferably in Mechanical, Electrical/Electronics or Chemical Engineering with strong interest in Health Technology; with appreciable (at least 2 or 3) publications focusing on Biomedical Engineering. Applicants must have working knowledge of any modeling software such as COMSOL, ANSYS and ABACUS. Candidates must be registered with COREN.
4. **Department of Civil Engineering**
 - a. **Lecturer I: Structural and Materials Engineering** - Applicants must possess B.Sc., M.Sc. and Ph.D. Degrees in the field of Civil Engineering specializing in Structural Engineering. Previous teaching experience at the University level, membership of NSE, NIStructE and Registration with COREN are required. Evidence of Scholarly publication(s) in peer reviewed Journals will be an added advantage. Applicants must be proficient in the usage of the following Engineering software CSI SAP 200, PLAXIS, Civil CAD, AUTO Civil, TEKLA STRUCTURES, PROTA STRUCTURES REL 2018 and CSC ORION 18, and have at least five years field experience.
 - b. **Lecturer II: Civil Engineering** - Applicants must possess B.Sc. and M.Sc. Degrees in Civil Engineering. Applicants must be pursuing Ph.D. Degree in Civil Engineering, must have registered with NSE and COREN or show evidence of advanced stages of processing registration. Previous teaching experience at the University level and evidence of Scholarly publication(s) in peer reviewed Journals will be added advantages.
5. **Department of Electrical and Electronics Engineering**
 - a. **Lecturer II**: Applicants must possess Bachelor's and Master's Degrees in Electrical and Electronics Engineering with specialization in Electrical Power Systems/Power Electronics or Electronics/Communication Engineering. Applicants must be

registerable with COREN and able to show evidence of current registration for Ph.D. programme.

- b. **Lecturer I:** Applicants must possess Bachelor's, Master's, and Ph.D. Degrees in Electrical and Electronics Engineering with specialization in Electrical Power Systems/Power Electronics or Electronics/Communication Engineering. Applicants must be registerable with COREN and ready to show evidence of scholarly publications in reputable journals and/or conferences.

6. Department of Food Technology

Lecturer II/I: Applicants must possess Bachelor's, Master's and Ph.D. degrees in Food Science and/Technology, Postharvest Technology. Evidence of registration and progress report on Ph.D. Degree is required for Lecturer II position. Evidence of peer reviewed scholarly publications in reputable outlets is required for the applicants. Applicants must be competent to teach and conduct research in Food processing, Food product development, Food chemistry and Food Microbiology and Food Quality Control and Safety, Food plant Design, Food Machinery, Food Processing Engineering. The evidence of belonging to a Professional body will be an added advantage.

7. Department of Industrial and Production Engineering

- a. **Lecturer I:** Applicants must possess Bachelor's, Master's and Ph.D. Degrees in relevant disciplines. The successful applicant will be required to teach courses in Production/Manufacturing Engineering, Engineering Management/System Engineering, as well as Human Factors Engineering/Operations Research. Applicants must show evidence of scholarly publications and must be registered with the Council for the Regulation of Engineering in Nigeria (COREN).
- b. **Lecturer II:** Applicants must possess Bachelor's and Master's Degrees in relevant disciplines and show evidence of current registration for the Ph.D. Degree Programme. The successful applicant will be required to teach courses in Production/Manufacturing Engineering and any two of the following subject options: Human Factor Engineering/Ergonomics, Engineering Management, System Engineering and Operations Research. Applicants must be registerable with the Council for the Regulation of Engineering in Nigeria (COREN).

8. Department of Petroleum Engineering

Lecturer II: Applicants must possess Bachelor's and Master's Degrees in Petroleum Engineering or other closely related engineering disciplines relevant to the oil industry and show evidence of registration for higher degree in Petroleum Engineering with specialization in any of Petroleum Production, Petrophysics or Petroleum Economics. Evidence of publications in reputable journals and proficiency in industry-based software such as Python will be added advantages.

9. Department of Wood Products Engineering

- a. **Lecturer II: Wood Structures/Furniture Design & Manufacturing** - Applicants should possess Master's degree in Wood Products Engineering. Applicants must have not less than a Ph.D. grade. Distinction in M.Sc. result will be of advantage with evidence of registration for Ph.D. Candidates must be registerable with the Council for the Regulation of Engineering in Nigeria (COREN).
- b. **Lecturer II: Pulp & Paper/Bio-energy Study** - Applicants should possess Master's degree in Wood Products Engineering. Applicants must have not less than a Ph.D.

grade. Distinction in M.Sc. result will be of advantage with evidence of registration for Ph.D. The prospective candidate must be registerable with the Council for the Regulation of Engineering in Nigeria (COREN).

Q. SCHOOL OF BUSINESS

- a. **Lecturer II: Marketing** - Applicants must specialize in any two (2) areas of marketing which must be reflected in the curriculum vitae and must possess Ph.D. in marketing. Applicants must have at least two (2) articles in a highly recognized journal. Certificate of proficiency in Enterprise System Development (SAP) will be an added advantage.
- b. **Lecturer II: Management Sciences** - Applicants must have Ph.D. in Finance, Economics, Agricultural Economics and Business Management. Applicants must have at least two (2) articles in a highly recognized journal. Candidates will have added advantage having; (a) MBA in Accounting and Finance, Marketing, Human Resources Management, Agri-Business and Data Science or Business Analytics. (b) Professional Qualifications as ICAN, CIBN and other recognized Professional Qualifications for both positions.

R. INSTITUTE OF AFRICAN STUDIES

- a. **Research Fellow I: African Law** - Applicants must possess a doctoral degree in Law and in the Humanities, broadly defined. They must have three (3) years' teaching experience in a recognized University or comparable experience. They must have evidence of international research and scholarship with publications in reputable journals as well as experience in transformation fieldwork.
- b. **Research Fellow II: African Music** - Applicants must possess Doctoral degree in Music/African Music/Ethnomusicology. They must have at least three (3) years teaching experience in a recognized University or comparable experience. They must have evidence of research and scholarship with publications in reputable journals.

METHOD OF APPLICATION

Applicants should forward their applications and detailed Curriculum Vitae (20 copies) stating: Date of Birth (not Age), Marital Status, State of Origin, L.G.A., Mobile Telephone Number, E-mail Address, Academic Qualifications, Previous Work Experience, Publications (if any), Names and Addresses of three (3) Referees and enclose two sets of Photostat copies of relevant credentials to reach the Deputy Registrar, Human Resource & Development Division (Academic Staff), University of Ibadan, Ibadan, Nigeria, not later than six weeks from the date of this publication. Applicants should request their referees to send reports on them on letter head and under confidential cover, indicating the position and department to which they have applied, direct to the Deputy Registrar Human Resource and Development Division (Academic Staff) from whom further details may be obtained.

Applicants are required to indicate the position and Department to which they applied in the application as well as on the envelope containing the application. **Relevant cognate experience is required in all the advertised positions.**

Only the applications of shortlisted candidates will be acknowledged.

Shortlisted applicants would be required to make a departmental seminar presentation on a completed or on-going research work in their area of interest before they are finally shortlisted for the oral interview.

SALARY SCALE

Assistant Lecturer	CONUASS 2
Lecturer II	CONUASS 3
Lecturer I	CONUASS 4
Senior Lecturer	CONUASS 5
Reader	CONUASS 6
Professor	CONUASS 7

Olubunmi O. Faluyi, MCIPM
Registrar/Secretary to Council
