NEW REGULATION ON NHIS REGISTRATION

This is to inform all intending enrollee(s) [principal and/or dependent(s)] that it is now mandatory to have National Identification Number (NIN) before NHIS registration.

In view of this, those who have written their names in University Health Service (UHS) for NHIS registration, as well as those intending to do so, should take note that no one will be registered with NHIS without a NIN.

Thank you.
