UNIVERSITY OF IBADAN

**RE: MEMORANDUM ON SCHEDULE OF ELECTRICITY SUPPLY
ON CAMPUS**

The attention of the University Management has been drawn to a purported memorandum on Schedule of Electricity Supply on Campus being circulated on Social Media.

The University Management wishes to state that the purported memorandum did not emanate from the University Management and should therefore be discountenanced.

Members of the University Community are assured of regular and steady electricity supply across the campus as much as there is power supply from the Ibadan Electricity Distribution Company of Nigeria (IBEDC).

Thank you.

Registrar and Secretary to Council
