Special Release

11 March, 2025

### **Upward Review of Corps Members Monthly Allowance**

This is to formally notify members of the University community, especially those that have youth corps in their units, that the Vice-Chancellor has granted approval for an upward review of the monthly allowance disbursed to National Youth Service Corps (NYSC) members serving in the University of Ibadan. The approved increment raises the allowance from the previous sum of ten thousand naira (₦10,000.00) to a new sum of twenty thousand naira (₦20,000.00).

This decision stems from a careful assessment of prevailing economic realities, including but not limited to significant surge in the cost of living, transportation expenses and the acquisition of essential commodities. The University Administration recognizes the financial challenges confronting corps members and believes that this enhanced allowance will serve as a motivating factor, enabling them to discharge their assigned duties with renewed dedication and consequently yielding improved outcomes.

You are hereby requested to implement the revised allowance payment, effective from the month of March, 2025.

Thank you.
