Special Release

27 April, 2017

DELAYED ISSUANCE OF STUDENTS' IDENTITY CARDS

This is to inform the University Community, especially students, that Management had planned to issue Identity Cards to students as from the resumption date for the 2016/2017 academic session.

However, at present, the Cards have not been delivered because of the procedure that must be met for the award of the contract.

It is pertinent to state that the procedure has now reached an advanced stage.

Management is aware of the challenges students are encountering due to the delayed issuance of the Identity Cards.

Efforts are being made to ensure the delivery of the Cards as soon as possible and before the commencement of the First Semester Examinations.

In view of the above, students are enjoined to be patient and cooperate with the Management.

Thank you.
